Faculty Leaders:
Jaime Jiménez & James Kennedy

This 2-1/2 week, hands-on experience provides an opportunity for any student to study, understand and communicate socioecological research, conversation and education in one of the world’s last pristine wilderness areas in the Cape Horn Biosphere Reserce located at the southern tip of South America. Students will spend time in Punta Arenas, the regional capital, and Puerto Williams, the world’s southernmost town and capital of the Chilean Antarctic Province.

Application Charge
(nonrefundable - paid at the time of application) $300.00

Program Deposit
(nonrefundable - due October 1st) $500.00
